

Let's do good things and talk about it

It's already a tradition to help by playing handball together: Since 7 years the "Handball Marathon", organised by Bank Austria, especially by Ulf Arlati (currently working for Bank Austria Finance Service) and the HSC Graz takes place. Altogether this cooperation collected more than 121.000 EUR for families with needs until now. This amazing amount is the result of the active engagement of 500 teams with 6.300 players and the enthusiasm of 8.000 visitors.

This year it will be possible for employees of the UniCredit in Central and Eastern-Europe to take part at the „Handball Marathon 2014“.
